C273 CA1 Practical (Day 2 Set A)
For Team 1, 3, 5

Reminder: Academic dishonesty will not be tolerated.

Create a new project named **ca1practical** and a HTML file named **multiplication.html**.

Create a form with the following requirements

- The form should be using Bootstrap Form
- It has a text field that lets user enter a number
- It has 2 radio buttons on the same line
- There is a button of primary color
- When the button is clicked, the multiplication table for the number that the user entered will be shown at the bottom of the web page.
- The screen capture below shows 2 samples of what the form will look like.

Compress your project as ca1practical.zip and submit it to **CA1 Practical** File Submission in LEO.

Screen Capture 1

Number

Background Color: ☒ Orange ☐ Yellow

Calculate

| |
|-------------|
| 1 x 3 = 3 |
| 2 x 3 = 6 |
| 3 x 3 = 9 |
| 4 x 3 = 12 |
| 5 x 3 = 15 |
| 6 x 3 = 18 |
| 7 x 3 = 21 |
| 8 x 3 = 24 |
| 9 x 3 = 27 |
| 10 x 3 = 30 |
| 11 x 3 = 33 |

Screen Capture 2

Number

Background Color: ☐ Orange ☒ Yellow

Calculate

| |
|-------------|
| 1 x 5 = 5 |
| 2 x 5 = 10 |
| 3 x 5 = 15 |
| 4 x 5 = 20 |
| 5 x 5 = 25 |
| 6 x 5 = 30 |
| 7 x 5 = 35 |
| 8 x 5 = 40 |
| 9 x 5 = 45 |
| 10 x 5 = 50 |
| 11 x 5 = 55 |
